

# BACKPACK

The backpack's ergonomic design is perfect for your travel needs. The inner container of your Typhoon H's color box fits perfectly inside the high quality and durable nylon fabric of the backpack. Creating an ultra light and completely safe travel solution for your Typhoon H.

Top handle for easy handling of the backpack.

Long zipper for easy access to your Typhoon H

D-Rings to mount small additional photo/video tools to your Typhoon H backpack.

Lightweight and aircraft cabin approved

Left and right side pockets to carry small accessories or a bottle of your favorite drink while on the go.

Breast Strap to keep the shoulder straps in place being in action.

With the Typhoon H backpack you have everything you need to create stunning footage stored safe for your next adventure.

Ergonomic wide padded shoulder straps let you comfortably carry your Typhoon H in the backpack even for a longer distance.
